MARSHALL SPOONTS DIES OF HEART FAILURE

C. of C. Meeting Date Will Be Known Tuesday

Following up the article in Sunday's News having reference to the coming meeting of the Chamber of Commerce it is hoped that the office of the Chamber of Commerce will be able to give the definite date of this meeting in Tuesday's paper. The Chamber of Commerce feels that it is the all embracing civic organization in the social and business life of Mexia, representing the entire citizenship. It is necessary in the work of the Chamber of Commerce that it should co operate with all other civic organizations, feeling that while in a sense their work is separate, but at the same time it is a part of the Chamber of Commerce work

Mexia is more fortunate than most any town of similar size in the possession of citizens of unusually large business interests and means, as well a ability These individuals wield a large influence in the affairs of the Chamber of Commerce and these individuals have been responsible for and have fostered and encouraged certain important undertakings and the Chamber of Commerce has been made the Clearing House for all of these undertakings, and the organization is the property of the people, and ready at all times to function as such an institution

It is a remarkable fact that practically all of Mexia's leading business men, almost without exception, endorse and encourage the Chamber of Commerce with their financial contributions as well as their moral support and business counsel. These men are ready, almost without exception, to attend the open meeting when the date is set and the rank and file of the business men are urged to take a similar interest in the affairs of the Chamber of Commerce, and let every business house be represented when the open meeting is called

Watch Tuesday's paper for the date

BOOZE - LADEN SHIPS TO BE SEIZED BY THE U. S.

WASHINGTON, June 4.—Foreign or American ships which enter United States waters with the deliberate intent to defy and violate the regulations banning liquor from vessels inside the three mile limit, will be seized by customs authorities. Treasury officials today notified customs officers to this effect The move was made to define sharply the classes of vessels which are and are not to be seized.

DALLAS, June 4.—Forty four persons were killed and 127 were injured in week end accidents in 39 cities throughout the country Chicago led the list with eight killed.

Writ Of Mandamus Filed Against Marrs

LIONS - ROTARY BALL GAME INTERESTS PUBLIC

Plans for the Big Ball game between the Rotary Club and the Lions Club are porgressing nicely and members of the Rotary Club ball team say they sure are going to twist those Lions' tails when the big game comes off. Pat Patterson said that he heard that the Lions were "Skeered" and he did not understand that, because he had always heard that the Lion was the King of the Beasts and did not know what the word fear meant, but the Rotary Club mmbers are hunting for a Lion big enough to eat Pat Patterson or Dave Bayless.

While everybody connected with the big game is figuring on having a lot of fun and the public will be afforded a chance to enjoy themselves, they are reminded of the object of the game which is to provide money for the Play Grounds Fund, and if the effort to properly equip the park and play grounds is successful, this money will be the source of pleasure and contentment to the boys and girls, long after the Rotary-Lions Ball Game is forgotton.

It is rumored that there is some dissension in the Rotary Club team as everybody wants to pitch or play first base There were so many applicants for first base that it was allotted to the two biggest members of the team, so if they could not settle it they could fight it out between themselves

One member of the Rotary Club was asked who was going to pitch and he replied " we have so many that are good enough to make the Texas League, that we may put them all up before the game is over."

While so far there seems to be no effort to get the stores to sign an agreement to close up at 4:30, it is hoped that the merchants and business men will take enough interest in the game to the extent that they will encourage the patronage of same. A great many stores close anyway at 6:00 o'clock, and if they would, out of the sympathy for this movement, close at 4 30, so advising in Tuesday's paper, it would give encouragement to a wonderfully worthy project.

LUBBOCK, June 4.—Sam Spikes, tax collector for Lubbock county and an "old timer of the plains", died at his home here early last night.

Spikes was the third prominent citizen of Lubbock to die within 48 hours

K Carter, prominent merchant, succumbed after an illness of only one week More than 5,000 persons attended his funeral yesterday afternoon.

E. C. Simmons, prominent furniture dealer, died yesterday morning after a lingering illness.

Automobile Body Factory Nearing Completion Now

All bodies for the Oakland Motor Car company, Pontiac, Michigan will be built in the huge $2,000,000 Fisher Body corporation factory which is being built within three quarters of a mile from the Oakland plants in Pontiac.

The foundation and walls are nearly completed and it is planned to start tunring out the Oakland bodies in this factory early in August. It is stated that this new industry in Pontiac will give employment to approximately 2,500 men .

The location for the new factory is on a 26 acre site and rails, ties and spikes have already been placed on the ground to build the 800 foot spur track of the Grand Trunk Railroad

The factory will be partly one and partly two story construction , sawtooth design and built of brick with metal fireproof sash. The contract calls for the compltion of the factory building within ninety days.

The building of Oakland bodies in Pontiac eliminates the haul from the factories of the Fisher Body corporation in Detroit All Oakland open as well as closed bodies will be built in this new plant.

Around the rim of the United States, across the continent and half way back again—that's the length of a tour that could be made in an Oakland car absolutely protected against excess oil in the combustion chamber. This is the conservative minimum written distance guarantee—15,000 miles—that is given by the Oakland Motor Car company on every car sold today. So far this guarantee has cost the Oakland company less than one cent per car to make good.

A. P. Tenbrook, Kansas City branch manager and H. E. Mahaffy, Minneapolis branch manager of the Oakland Motor Car company visited the factory of the company at Pontiac, Michigan this last week to order more cars.

Emil Hokauson, president of the Wisconsin Oakland company, Milwaukee, and J. W. Leavitt of the J. W. Leavitt company, distributor at San Francisco, were also visitors during the week.

A WAGGING TALE OF MIKE, PAT AND TIM

Laurette Taylor Training Barrymores Of Dogdom for "Peg O'My Heart" Company

Laurette Taylor has decided upon a stage career for Patricia and Timothy, the twin offspring recently brought into the world by Mike, the lady dog with the masculine name who has for many years been a member of the cast of "Peg O' My Heart." The twins arrived during the screening of the famous play which is now presented at the Naitonal Theatre. Miss Taylor has determined to make actors of them.

"They were parctically born on the stage, you might say," she explained during an intermission between scenes while King Vidor who directed the screen version of J. Hartley Manners' famous play, was consulting with script holder. "Their mother, Mike, has taken part in so many performances of the play that I wuoldn't be suprised if they had the acting instinct.

"When my husband, Mr. Manners and I return to the East we shall take Pat and Tim. Our home at Easthampton, Long Island, is just the place for raising dogs. I think it would be a good idea to train the puppies right from the start, so that when they're big enough they can take Mike's place on the stage. We tried to retire her some time ago but found it impossible to replace her."

C. Felz, who is eepnding a vacation at Marlin, taking the hot baths, came home to spend Sunday, returning to Marlin today.

Judge Osborn Kennedy went down to College Station today to attend commencement exercises, and to participate in a reunion of the Class of 1883, only a few of whom are possibly left in the land of the living.

Robert Jackson of Corsicana, visited in Mexia Sunday.

BOOK COMPANY GOES BEFORE SUPREME COURT

AUSTIN, June 4.—Application for permission to file a writ of mandamus compelling State Superintendent of Education Marrs to comply with the provisions of contracts held by the American Book Company of New York, and executed by the State Text Book Committee last December, was filed in the Supreme Court. The subcommitte appointed by the legislature to look into the awards made by the text book committee will shortly select an attorney to represent the State Superintendent as Attorney General Keeling has declined, asserting that he felt it not his duty to take steps in the controversy. The legislature has passed a bill which annuls the awards made last December.

D'Annunzio and Dancer Reported Reconciled

The artistic and theatrical worlds of France and Italy are agog over the reported reconciliation between Gabriele D'Annunzio, soldier poet, and Ida Rubenstein, dancer, once called "the world's ideal lover" Ida has returned unexpectedly to Paris from her African tour, and Gabriele is reported to be hurrying thither to join her. The captor of Frume will arrive in time for the first performance of his play "Phedre," in which Ida will be the central figure.

Chautauqua Dates To Be Announced At a Later Date

The Mexia Salesmanship club has arranged to bring the Radcliffe Chautauqua to Mexia early this fall.

The following letter has been received from the management by Judge Lee P. Pierson who is the chairman of the program committee of the club.

Mr. Lee I. Pierson.

Mexia, Texas.

Dear Sir:

We are very glad to welcome the Chautauqua contract from your town and to place it on file with others from nearly all the States of the Union. The Radcliffe Chautauqua programs will be given before hundreds of thousands of people during the 1923 season, and we are confident that your community will appreciate the efforts of the local Chautauqua Committee in bringing this event to your town.

On each of the three days there will be lectures, by able speakers, on topics of timely importance, and each lecturer will be accompanied by a splendid concert or entertainment organization. This will make the Chautauqua the most enjoyable and profitable event that could be brought to you, and we assure you that we will do our utmost to present it in a way that will warrant your making it an annual affair.

At a reasonable time before the opening of your Chautauqua, we will assign the definte dates and forward the advertiseing material. As mentioned in the Contract, an advance representative will visit you before the Chautauqua opens in order to assist in organizing and conducting the advertising and ticket-selling campaign, and we are sure that if you will give him or her a hearty welcome it will be much appreciated and will be of great advantage to you.

With cordial best wishes, we are,
Very truly yours,
Radcliffe Chautauqua System,
W. L. Radcliffe,

At the regular meeting of Mexia Chapter No. 131, Royal Arch Masons, held last Satudray night the following officers were elected to serve the coming year:

M. B. Webb, H. P; Colon Phillips, King; T. O. Meador, Scribe; A M Stevens, Treasurer; Guy Herring, Secretary; T. A. Griffith, Guard; Other officers will be appointed.

Miss Bobby McCarthy returned Sunday from Dallas.

Houston—An election by the people of Houston on the question whether the city will abolish jitneys is to be held June 9. Mayor Holcombe said, if the people vote for the jitneys it will be assumed that the people want them to run as at present.

Dallas—All overhead wires of the Dallas Power and Light Comapny in the business district of the city are to be removed and placed underground. The work will probably be completed in one year.

Dallas—Data assembled on the telephone business in Texas shows that there are more than 1,000 telephone exchanges in the State serving half a million telephone subscribers. About one-half of these are Bell System telephones and one-half independent.

Fort Worth.—Fort Worth according to the new telephone directory just issued, has 25,158 telephnoes, a gain of 1,178 over the number six months ago.

Amarillo.—Ross E. Phillips recently of Lincoln, Neb., will become manager of the City Light and Water Company here, June 1. Guy W. Faller, present manager will be promoted to the Denver Company which is also controlled by the Cities Service Company.

Work will begin in the near future on the electrification of suburban railways radiating from Bombay.

The government of Italy plans to aid and unify all efforts to locate and exploit petroleum deposits in that country.

WASHINGTON IS DISAPPOINTED AT SMALL CROWD

WASHINGTON, June 4—With a disappointingly small number of visitors in town, Shrine week got under way here today with a varied program of parades, pageants, band concerts and other events scheduled to keep the city in carnival mood until Friday.

Too enthusiastic advertising and boosting were held responsible for the failure of thousands of expected Shriners and their families to arrive. They were frightened away by the reports of tremendous crowds here and probable lack of sufficient accommodations. This was evident when a St. Louis temple sent word its members would remain at home using the money the trip would cost to help build a hospital. They said they understood there was no room here anyway.

Merchants and hotel keepers were keenly disappointed over failure of the 300,000 expected to arrive. Only about twenty thousand came in on special trains and in automobiles.

Today's program began with a pilgrimage to Mount Vernon by Imperial Potentate James S McCandless and his divan. McCandless put a wreath on the tomb of Washington Shortly after noon the transcontinental automobile caravan which left San Francisco May 1, was due and at 2 p. m. the members of this caravan were to take part with President Harding and Secretary of War Weeks in dedication of the zero milestone. Marking the starting point of the Lincoln highway.

Exhibition of the United States Airplane Carrier Langley, air circus stunts by famous army fliers, including Kelly and MacReady, the transcontinental non-stop fliers, carnival stunts of various sorts were to fill the day.

Tonight the Potentate and divan of Almas Temple of this city will welcome the Imperial Potentate and his divan at a banquet.

Marion Reynolds, who has been ill in Dallas for the apst two months has returned home His friends will be glad to know he is able to resume his work at Humphreys Company.

Miss Inez George of Mississippi, is in the city visiting Mrs. Tevis Morrow.

Mrs. W. H. Foster of Tulsa, Okla , is in the city visiting her parents Mr. and Mrs. A H. Berry.

YESTERDAY'S HOME RUN HITTERS

Wheat, Robins One 5
Summs, Indians, One. ..... 1.

FORT WORTH, June 4.—Marshal Spoonts, former district attorney, died at the home of his mother here early this morning.

Mr. Steele of this city was informed by wire this morning of the death last night of Marshall Spoonts at Ft. Worth.

Mr. Spoonts was well known in Mexia, having spent many months here since the oil boom began. He also had the contract to build the new high school building here.

According to the message, he died suddenly at the home of his mother, Mrs. M. A. Spoonts, 104 Penn street, at midnight, the result of a heart attack to which he had been a victim for several years.

Mr. Spoonts was born in Abilene, Texas, and moved to Fort Worth with his parents when a boy. He was educated in the public schools and after graduation studied law at home, and was admitted to the bar when 21 years old. For several years afterward he was a member of the law firm of Bryan and Spoonts, remaining in this capacity until he was elected to the office of district attorney, in 1914. He was re-elected in 1916 for another term of two years.

In 1918, after the expiration of his term as county prosecutor, he became associated with R. S. Phillips, the law firm being known as Spoonts & Phillips. He remained in this capacity for three and a half years.

When the oil boom struck Texas he severed his connections with Phillips and entered the oil business, being a promoter of much prominence when the oil boom was at its zenith. He was an independent operator, connected with the Oil Operator's Trust.

Mr. Spoonts was under federal indictment in connection with the investigation of oil promoters' activities which the government has been conducting here for esveral months.

Besides his mother, he is survived by his widow, two sisters, Mrs. C. R. Wharton of Houston and Mrs. Nadine Saft of Fort Worth, and a brother, Leslie Spoonts, 102 Penn St., Fort Worth.

HOUSE REPORTS EDUCATIONAL BILL BUT SLASHED

AUSTIN, June 4.—The House Appropriations Committee has reported the educational and departmental bills with a cut of over two million dollars as passed at the second called session, it was learned today. With reporting these bills the committee completes four big appropriation bills the judiciary and eleemosynary bills having been previously reported favorably. Total cut from the four bills is approximately three million.

TRAMP BEING SOUGHT

KANSAS CITY, June 4.—A tramp seen loitering near the railroad bridge where Moore was believed to have been slain and robbed is being sought by the police this afternoon in connection with the mysterious death.

New York Commissioner Says Histories in U. S. Are Radically British

NEW YORK, June 4.—A plot exists to regain "lost colonies" for England and make the United States a part of the British empire, David Hirschfield, commissioner of accounts charged in a report to Mayor Hylan. The report gave the findings of Hirschfield following investigation into charges that many histories are pro-British. As a result of the investigation he recommended that eight text books be barred from New York schools.

SHERMAN, June 4.—Mary Irene Dennie, 7, was strangled to death by a mosquito bar which caught around her neck as she rolled out of bed at her home here yesterday.

The child had been dead several minutes when the tragedy was discovered by its parents.

Miss Farnces King reutrned Monday from Houston, where she has been visiting her mother.

WATCHING THE SCOREBOARD

Two triples by Daubert and Roush, a singel by Duncan and an error gave the Reds 3 runs in the ninth inning but they lost to the Clubs 4 to 3.

The White Sox kocked Pruett and Wright out of the box and defeated the Browns 7 to 1.

Rigney's long sacrifice fly in the ninth let Hellmann in with the run that gave the Tigers an 8 to 7 victory over the Indians.

The Cards went into fourth place by beating the Pirates 4 to 3.

C. R Bryson was a Corsicana visitor the latter part of the week.

Miss Dinah Harper is visiting Mexia during the graduation exercises.

Regular meeting of Coeur de Lion Commandery, Knights Templar, tonow night . Important business.
—W. R Storey, E. C.

Disabled Veterans Accept Offer Of Undergoing Treatment In The Henry Ford Hospital At Detroit

DETROIT, Mich., June 4.—Disabled world war veterans of Michigan have welcomed the offer recently made by the Henry Ford Hospital and already more than fifty are undergoing treatment at the big institution.

All of the veterans are admitted in the same manner as private patients and are treated on exactly the same basis. They are entitled to and receive the same quality of service and are distributed in the various units in the hospital according to the availability of rooms.

The first thought was to open a special unit for these men, but the hospital officials on consideration felt that the men would be better satisfied if they were distributed thruout the hospital with the other patients and accordingly this plan was carried out.

Arrangements for opening the hospital services free of any charge to all disabled veterans of Michigan needing treatment were made a few weeks ago at a meeting between Alvin M. Owsley, National Commander of the American Legion, Henry Ford Edsel B. Ford, President of the Ford Motor company, and Dr. Harkness, State Commander of the American Legion.

The arrangements for the care of the disabled veterans continue in effect until December 31st, 1923. If at that time Congress has not passed necessary legislation to afford hospitalization of ex-service men the matter will come up for further discussion and the agreement renewed for another definite period.

The ex-service men are admitted following recommendation by the Welfare Office of the American Legion in Detroit.

Another arrangement also has been effected between the Legion and the Henry Ford Hospital whereby in extreme cases of destitute families of former service men their children needing hospitalization will be treated when designated by the Legion office.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

THE CONVENTION CITY SPIRIT

Amarillo boasts of having entertained more than thirty conventions in 1922. Many others are being held there this year and now efforts have been launched by the Board of City Development to secure the 1924 meeting of the Texas Press Association. Thousands of dollars, thousands of visitors and many new homes result from this kind of work. Mexia should get the "Convention City" spirit here and go after as many conventions, conferences and meetings of importance as possible. The News would like to see Mexia entertain the Texas Press Association in 1925.

Speaking of conventions and conferences, why not authorize Rev. W. B. Andrews, pastor of the First Methodist church, to invite the annual conference of the Methodist church to assemble here in 1924?

DRINK IS SMALLEST PART OF PROHIBITION QUESTION

Gifford Pinchot says bribery and lawlessness are chief issues.

Gifford Pinchot, Governor of Pennsylvania, has but one interpretation of the Volstead act. In an article: "Why I am going to make Pennsylvania Dry," in June Good Housekeeping, he tells why he is determined to enforce the prohibition law in Pennsylvania. He says, "If we believe we have a right to disobey the prohibition law, why do we not concede to all other citizens the right to disobey such laws as interfere with the realization of their desires?

"There can be no government without law, and there can be no law if one man can sell and another buy the opportunity to defeat the law. Bribery is putting the Constitution of the United States on a platter and offering it for sale.

". . . . Certain gentlemen now wish only to violate the prohibition law, others whom they teach to be lawless may wish to violate laws against burglary, highway robbery, or murder.

"Here, in the United States, as a result of the labors of all good men and women since the first European settlers came, we have built up a great embankment of law to restrain those whose purposes run counter to the welfare of the general public. Let us keep this embankment intact. Let us make it even stronger. Let us not permit a bootleg rat-hole to become enlarged until it sweeps away the embankment." The governor's article in Good Housekeeping should be read by everyone, whether they are in favor of prohibition, or not.

THE EDITORIAL OF THE DAY

A LEGISLATIVE MARATHON
(Farm and Ranch)

Texas has suffered with marathons of various kinds thus far in 1923. We have had marathon dances, marathon piano players, marathon pancake eaters, and marathon other things and other things and now we have got a marathon Legislature. The Texas Legislature remained in session a full sixty days without doing a great deal that was constructive. Then the governor issued notice of a called session with the idea of transacting a little necessary business during the next thirty days. The governor, however, forgot that the constitution provides for called sessions only in cases of an emergency, and suggested legislation that did not come within that classification. This kept the members busy until the end of the session approached and thus another emergency was created. Another called session resulted, the main purpose in veiw being to find something to tax that escaped the notice of legislators during previous sessions. Like every other called session, however, the governor has taken the opportunity to secure legislation on numerous matters that could well wait a year or two, when perhaps they would be forgotten. Members also construe the governor's call to include all the distant relations of the subjects which the governor has happened to mention. Probably the emergency which necessitated the call will be shoved off into the background until the final days of the session when it will be attended to in a hurried manner, as usual.

While many good, patriotic and busy men get elected to the Legislature they find that they are powerless to further the transaction of the business of the State in a businesslike manner. They are surrounded with precedent and with rules of procedure as old as the history of the State, some of them being handed down from colonial days. Such men, unless they have political aspirations, seldom return a second term. They have had all of it they want, just as the people have.

"Wouldn't it be a grand and glorious feeling" to have the Legislature assemble and have presented to them the first day a carefully prepared budget showing the legislative needs of the state and then proceed to transact the business in an orderly manner, adjourning before or at the expriation of the session without leaving three or four "emergencies" crying for attention? Wouldn't it, though.

Language Of The Dope Fiends

EL PASO, Texas, June 4 —Drug addicts have a language all their own; according to nartotic inspectors here who assers that it is often possible to tell what section of the country an addict is from by the terms he uses in referring to his "medicine."

Morphine is called "M' by some addicts. Often it is referred to as "junk," "white stuff" and more often "hop."

A "snowbird," as the cocaine addict is called, refers to his "coke," happy dust," "snow" and "C.', This drug is in greater favor with drug users even though it is more expensive, the narcotic inspectors explained.

Then too, the addicts have different names depending on the kind of "dope" they use and the way in which they use it, the narcotic agents said. A person who has been using cocaine for a long time and takes his "shots" with a hypodermic needle is called a "vein shooter" because he injects the drug directly into a vein in order to get a quicker and more thorough "kick."

There is the person who is "on the stuff" and the one who has "kicked the habit." The one "on the stuff" is an adict, while the person who has "kicked the habit." is one who has taken a cure and has borken himself from drug addiction.

Opium is not used generally, due to the bulkiness of the "layout" required. A pipe, needle and a little alcohol lamp make up the "layout." The opium is placed on the end of the needle and heated in the flame of the lamp, then put in the pipe and smoked. Smoking opium is called "laying on the hip," kicking the stem" and "hitting the pipe." The addict is called a "yenshee baby."

ORDINANCE

Ordinance of the City Commission of the City of Mexia, Texas, determining the necessity of levying an assessment against the property and the owners thereof on Rusk Street from the East line of McKinney Street to the West line of Bonham Street, for a part of the cost of improving said street, and fixing a time for a hearing of the owners or agents of said owners of said property or of any persons interested in said improvements, as provided by Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, and Directing the City Secretary to give notice of said hearing and examining and approving the plans and specifications and statement or report of the City Engineer, and declaring an emergency.

WHERAS, the City Commission of the City of Mexia, Texas, has heretofore by resolution passed and approved on the 20th day of March, 1923, ordered the improvement of Rusk Street from the East line of McKinney Street to the West line of Bonham Street, in the City of Mexia, and

WHEREAS, plans and specifications for the improvement of said street have been duly prepared and approved as required by the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia; and

WHEREAS, as required by said Statutes, Charter and Ordinances, after advertisement for bids for said work of improvement had been made, said work of improvement was let to Uvalde Paving Company to improve with Uvalde rock asphalt pavement on concrete base, and concrete curbs and gutters, as provided by said plans and specifications; and

WHEREAS, a written contract has been entered into by and between the City of Mexia and Uvalde Paving Company on the 13th day of April, 1923, for the construction of said improvements:

THEREFORE, be it ordained by the City Commission of the City of Mexia: That the plans and specifications and report or statement of the City Engineer filed with the City Commission, describing the abutting property and giving the names of property owners and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved. That the City Commission does hereby determine to assess the entire cost of curbs and three-fourts of the cost of all other improvements, against the owners of the property abutting thereon, and against their property, in accordance with the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, That the said assessment shall be made after the notice to such property owners and the hearing herein mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners on said street, and their property, shall be in accordance with the front foot plan or rule in the proportion that the frontage of the property of each owner bears to the frontage of the whole property to be improved; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances the City Commission shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on the particular street or portion thereof to be improved, having in view the enhanced value of that property and the benefits derived from such improvement, and the burdens imposed upon them by such assessment, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable in five equal installments, one-fifth thirty days after the completion and acceptance of the improvement on said street, one-fifth one year after said date, one-fifth two years after said date, one-fifth three years after said date, and one-fifth four years after said date, together with interest at the rate of eight per cent per annum from the date of completion and acceptance of the improvement on said street. That the total proportionate part of the cost of such improvement which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said street aforesaid, properties to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof, is as follows:

RUSK STREET FROM McKINNEY TO BONHOM. 30-Ft. Roadway.

That a hearing shall be given to said owners, their agents and attorneys, and any person or persons interested in said improvements, before the City Commission of the City of Mexia, as provided by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, which said hearing shall be had on the 15th day of June, 1923, at 8 o'clock p. m., in the City Hall in the City of Mexia, Texas, and which said hearing shall be continued from day to day and from time to time, as may be necessary to give all said property owners, their agents or attorneys, and any interested person or persons, a full and fair hearing, and said owners, their agents or attorneys, and any interested person or persons, shall have the right to appear and be heard in any manner concerning the said improvements or said assessment, or the benefits thereof to their said property, or any other matter or thing in connection therewith, or to contest said assessment, and at such hearing a full and fair opportunity shall be extended to said property owners, their agents or attorneys, and to all interested persons, to be heard with respect to such improvements.

That after the conclusion of the hearing above mentioned such sum or sums as may be determined by the City Commission to be payable by said property owners shall be assessed against them respectively, and against their respective properties, by ordinance or ordinances, in the manner prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia. That the City Secretary of the City of Mexia is hereby directed to give notice to said property owners, their agents or attorneys of said hearing, as prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, by publishing said notice three times in a newspaper of general circulation in the City of Mexia, the first of said publications to be made at least ten days before the date set for said hearing. Said City Secretary shall also mail a copy of said notice by registered letter to each of said property owners, if known, or their agents or attorneys, if known, said letters to be deposited in the post office in the city of Mexia at least ten days before the date set for hearing. However, said notice by registered letter shall be cumulative only, and notice by publication shall be full, due and proper notice of said hearing.

THAT, WHEREAS, the fact that said portions of said streets are in such urgent need of repair creates an emergency and imperative public necessity for the immediate preservation of the public health, safety and property which requires that the rule requiring three several readings be suspended, and that this Ordinance shall take effect and be in force from and after its passage.

Passed and approved, this 28th day of May, 1923.

E. WATSON, Mayor.

Attest:
Jas. F. McElroy, City Secretary.
(31-1-8)

Galveston.—A new type of truck especially designed and built in this city for the Brush Electric Company has attracted attention among electric central station people and is expected to be adopted by other light and power companies for use in their distribution repartments.

Marshall.—According to statistics of the Marshall Chamber of Commerce there are forty-one industries in this city. The growth of Marshall as an industrial center is based upon abundant raw material, millions of tons of lignite, and an amazing quantity of natural gas at low prices.

OIL EDITOR HAS CURIOUS HOBBY

Tulsa, Okla., June 4.—The late P. C. Boyle, for a generation editor and proprietor of the Oil City Derrick, the newspaper authority on petroleum, had a hobby. It was the collecting of lamps.

He specialized on the various kinds of lamps used for burning kerosene and there were hundreds of varieties of this sort. But he extended his collection to take in the earliest lamps used by the Greeks and Egyptians. He collected also the rude vessels used by the Esquimaux for burning whale oil, the stone and shell lamps of the South Sea Islanders, etc.

In the collection were many curious devices for burning kerosene, constructed by the semi-civilized peoples of interior Japan and China, the Malay Archipelago and other out-of-the-way Asiatic places. And of course there were specimens of the ornate and elaborate lamps which graced the marble-topped center tables in the parlors of the homes of the last generation, and also the hanging lamps which illuminated the supper table on winter evenings a long time ago when everyone called that meal "supper."

Arrangements are being made to bring this collection of lamps to Tulsa, to be displayed in the historical section of the Internatinoal Petroelum Exposition which is to be held here the week beginning October 8. The major part of the collection is in the keeping of the Drake Memorial Museum, at Titusville, Penn.

"PEG O'MY HEART" SOON ON SCREEN

Laurette Taylor's Famous Play, Filmed for Metro, Denotes Film Debut

When the news wos first published that "Peg O' My Heart," J. Hartley Manner's famous stage success, would be picturized by Metro, with Laurette Taylor making her screen debut in the role which has endeared her to hundreds of thousands of theatregoers, delight was expressed everywhere. Drama lovers everywhere were pleasd that this celebrated tale should receive animated circulation beyond the limitation of the stage.

Under the direction of King Vidor, with a supporting cast of high abilities, and with Michael, the canine actress with the masculine name, playing her accustomed part, Laurette Taylor has finished her work before the camera. The result, advance reports indicate, is a photoplay oven moer interesting than the stage play. Residents of..... .....will be enabled to enjoy this poignant, heart-stirring, whimsical performance next Monday, when it comes to the National Theatre for 3 days.

This story of Peg and Jerry, of England and Ireland and the O'Connels and Chichesters and Kingsworths, has had 6,008 stage performances in the United States. Nor has its popu- England, Australia, ew ....Zealand, larity been limited to this country. South Africa, India, Hawaii, Italy, Czecho Slovakia and Paris. have also seen and enjoyed it. The production of the photoplay by Metro enables all these Peg fans to see the original Peg portray the role, in addition to introducing this pictured bit of olvelineas and charm to those to whom it has hitherto been only a name.

The players supporting Miss Taylor in the immortalizing of Peg no the screen were selected with a view of making each characterization a living portrayal, authentic, vivid, interesting. The cast includes Mahlon Hamilton, Russell Simpson, Ethel Grey Terry, Nigel Barry, Lionel Belmore, Vara Lewis, Sidna Beth Ivins, D. R .O. Hatswell, Aileen O'Malley and Fred Huntly.

ORDINANCE

Ordinance of the City Commission of the City of Mexia, Texas determining the necessity of levying an assessment against the property and the owners thereof on Main Street from the West Side of Houston & Texas Central Railroad tracks to the East line of Belknap Street, for a part of the cost of improving said street, and fixing a time for a hearing of the owners or agents of said owners of said property or of any persons interested in said improvements, as provided by Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ornances of the City of Mexia, and directing the City Secretary to give notice of said hearing and examining and approving the plans and specifications and statement or report of the City Engineer, and declaring an emergency.

WHEREAS, the City Commission of the City of Mexia, Texas, has heretofore by resolution passed and approved on the 23rd day of January, 1923, ordered the improvement of Main Street from the West side of Houston & Texas Central Ry. tracks to the East line of Belknap Street, in the City of Mexia, and

WHEREAS, plans and specifications for the improvement of said streets have been duly prepared and approved as required by the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, and

WHEREAS, as required by said Statutes, Charter and Ordinances, after advertisement for bids for said work of improvement had been made, said work of improvement was let to Uvalde Paving Company to improve with Uvalde rock asphalt pavement on concrete base, and concrete curbs and gutters, as provided by said plans and specifications; and

WHEREAS, a written contract has been entered into by and between the City of Mexia and Uvalde Paving Company on the 12th day of March, 1923, for the construction of said improvements:

THEREFORE, be it ordained by the City Commission of the City of Mexia: That the plans and specifications and report or statement of the City Engineer filed with the City Commission, describing the abutting property and giving the names of property owners and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved. That the City Commission does hereby determine to assess against the Trinity & Brazos Valley Railway Company, owner of the steam railway occupying parts of said street hereinabove ordered to be improved, the whole cost of the improvement between or under the rails and tracks of said steam railway and two feet on the outside thereof, which said assessment shall be made after the hearing herein mentioned, and in accordance with the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia. That the City Commission does hereby determine to assess the entire cost of curbs and three-fourth of the cost of all other improvements, against the owners of the property abutting thereon, and against their property, in acordance with the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, That the said assessment shall be made after the notice to such property owners and the hearing herein mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners on said street, and their property, shall be in accordance with the front foot plan or rule in the proportion that the frontage of the property of each owner bears to the frontage of the whole property to be improved; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances the City Commission shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on the particular street or portion thereof to be improved, having in view the enhanced value of that property and the benefits derived from such improvement, and the burdens imposed upon them by such asesssment, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable in five equal installments, one-fifth thirty days after the completion and acceptance of the improvement on said street, one-fifth one year after said date, one-fifth two years after said date, one-fifth three years after said date, and one-fifth four years after said date, together with interest at the rate of eight per cent per annum from tho date of completion and acceptance of the improvemnet on said street. That the total proportionate part of the cost of such improvement which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said street aforesaid, properties to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof, is as follows:

That a hearing shall be given to said owners, their agents and attorneys, and any person or persons interested in said improvements, before the City Commission of the City of Mexia, as provided by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, which said hearing shall be had on the 15th day of June, 1923, at 8 o'clock p. m., in the City Hall in the City of Mexia, Texas, and which said hearing shall be continued from day to day and from time to time, as may be necessary to give all said property owners, their agents or attorneys, and any interested person or persons, a full and fair hearing, and said owners, their agents or attorneys, and any interested person or persons, shall have the right to appear and be heard in any manner concerning the said improvements or said assessment, or the benefits thereof to their said property, or any other matter or thing in connection therewith, is to contest said assessment, and at such hearing a full and fair opportunity shall be extended to said property owners, their agents or attorneys, and to all interested persons, to be heard with respect to such improvements.

That after the conclusion of the hearing above mentioned such sum or sums as may be determined by the City Commission to be payable by said property owners shall be assessed against them respectively, and against their respective properties, by ordinance or ordinances, in the manner prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia. That the City Secretary of the City of Mexia, Texas is hereby directed to give notice to said property owners, their agents or attorneys of said hearing, as prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, by publishing said notice three times in a newspaper of general circulation in the City of Mexia, the first of said publications to be made at least ten days before the date set for said hearing. Said City Secretary shall also mail a copy of said notice by registered letter to each of said property owners, if known, or their agents or attorneys, if known, said letters to be deposited in the post office in the city of Mexia at least ten days before the date set for hearing. However, said notice by registered letter shall be cumulative only, and notice by publication shall be full, due and proper notice of said hearing.

THAT, WHEREAS, the fact that said portions of said streets are in such urgent need of repair creates an emergency and imperative public necessity for the immediate preservation of the public health, safety and property which requires that the rule requiring three several readings be suspended, and that this Ordinance shall take effect and be in force from and after its passage.

Passed and approved, this 28th day of May, 1923.

E. WATSON, Mayor.

Attest:
Jas. F. McElroy, City Secretary.
(31-1-3)

For That Faded Carpet

After thoroughly sweeping, wipe over the faded carpet with a weak solution of alum. It will revive it wonderfully.

Better Than a Hanger

A strong safety pin, catching both sides of a skirt together at each side of the front and then hung on two hooks in the closet, answers the problem of skirt hanging most successfully.

THE STATE OF TEXAS

To the Sheriff or any constable of Limestone County—Greeting:

W. D. Pittman, Executor of the estate of Mrs. Emma Pittman, deceased, having filed in our county court his final account of the condition of the estate of said Mrs. Emma Pittman, deceased together with an application to be discharged from said Administration.

You are hereby commanded, that by publication of this writ for twenty days in a newspaper regularly published in the county of Limestone, you give notice to all persons interested in the account for final settlement of said estate, to file their objections thereto if any they have, on or before the June term A. D. 1923, of said county court, commencing and to be holden at the court house of said county, in the city of Groesbeck, on the first Monday in June, A. D. 1923, when said account and application will be considered by the court.

Witness, J. L. Day, clerk of the county court of Limestone county.

Given under my hand and seal of said court at my office in the city of Groesbeck, this 9th day of May, A. D. 1923.

J. L. DAY

LAURETTE TAYLOR In ... O' MY HEART

...mplete ...Overland Red Bird

New Model Sponsored by the Willys-Overland Company Has Longer Wheel Base and Roomier Body

Nothing has been omitted from the list of equipment made standard on the new Overland Red Bird, but what is necessary and convenient for the motorist who demands something out of of the ordinary and who at the same time does not want to plunge into reckless extravagance in having his ideal satisfied.

Included in the equipment are bumpers front and rear, wind shield wiper, scuff plates, door grips, spare rim and tire carrier, beside the usual dash light, speedometer and other accessories.

Glistening nickeled radiator with shield stanchions, outside door handles, bar cap, nickeled head lamps, wind scuff plates and back curtain window frame are demirably set off by a Khaki top with red bindings and welts.

Red Spanish grained upholstering leaves a pleasant impression when blended with the superb and rich, gleaming Mandalay Maroon, a shade that is exciting much interesting comment, affording to the eye as it does a delightful sense of sprightliness, artistically subdued to a tone of agreeable refinement.

The Red Bird has a roomier body, riding on a lengthened wheel base of 106 inches and a spring base of 136 inches. This specification alone insures extremely comfortable traveling verse cnoditions. When the patented at all times and under the most adtriplex springs, adopted by Overland engineers are further considered it will be readily understood that restful riding is one of the many outstanding merits of this new car.

Straight side, Fisk cord tires, 30 by 3½ are also standard equipment on the Red Bird enhancing its value to the purchaser and adding to his motoring satisfaction.

The engine is larger and more powerful and in every way adapted to maintain that far-reaching reputation of creditable, economical performance gained by the Overland motor. Speed, flexibility, quick pick-up and low cost of opration are established and proven facts.

The Red Bird has a one piece differential case of great strength.

There are no bolts to work loose and no openings for faulty assembly to throw halves out of alignment through dirt or other foreign matter working in between the halves. The design permits of two unusually large differential pinions.

The ring gear is exceptionally large, of the spiral bevel type and with the accurately cut pinion runs smoothly, quietly and without trouble or need of adjustment for many thousand miles of service. Particularly noteworthy is the substantial well assembled, strong rear axles assembly with axle shafts 1½ inches in diameter.

The axles can be removed without disembling the housing and all the bearings are of the highest types known. These features, together with the many estimable points of excellence in mechanism, single out the Overland Red Bird as deserving of discriminating favor.

Mr. and Mrs. I. W. Keys have moved to the home on Grayson street formerly occupied by Mr and Mrs. Robert Nugan, who have moved to Corsicana where they will make their home.

Miss Lucie Lee Corley of Groesbeck visited in Mexia Saturday.

Harvey Storey of Dallas was here Sunday visiting his brother and sister of this city.

LEADERS WIN AGAIN

CORSICANA, June 3.—Edgar was hit opportunely by the Mexia club today and coupled with errors, the visitors made their eight hits count for seven runs, the final score being 7 to 1. Meeks allowed Corsicana only three hits.

Home runs: Whitney, Johnson Struck out: Edgar 3, Meeks 4. Bases on balls: Edgar 3, Meeks 4.

Among the affairs given for Mrs. Grant, who is visiting her niece, Mrs Sweatt, was the honor guest at a bridge party Friday afternoon given by Mrs. Desenberg.

Earl Smith left today for Corsicana, representing the E. L. Simth Oil Company, Inc., in the Powell field. He will be there several days this week.

SPORT LIGHTS

Friend Moore in the Corsicana Sun says, of Friday double defeat of the Busters by the Gushers, that the unexepcted happened. Well Brother Moore you can just get this right in your head that the unoxepcted never happens with the Gushers.

Harvey Grubb, manager and third baseman of the Busters is out of the game for several days with Ptomaine poison. Sorry to hear of his illness. Malmquist, who flirts around the keystone bag will have the team in charge until Harvey is back on his feet.

Old Reliable Rod Whitney and Johnson, bore down on the offerings of Edgar for a circuit smash each, in Sundays game

Old Sopke Speaker and Tyrus Raymond Cobb used everything in yesterdays' game except the bat boy (and he was sick), and finally Detroit came out with the big end of the score over the Tribe

Jakie Atzs Panther Cats, have got to going and won their thirteenth consecutive game yesterday defeating Shreveport, in a pitchers duel between Pate and D. Brown .The score was 2 to 1.

Becthal, crack outfielder of the Gushers, is in town, nursing a spiked thumb. Bec hopes to be back in the line-up in a few days.

Leland Stewart and Percy Jones spent Sunday in Dallas.

Mrs. Ben Stollenwerck is here from Terrell.

Many young pople who attended college and university in other cities are returning to their homes here and in ten days all will be back again.

The Summer School of the state will be well represented by Mexia students this summer

R M. Andrews, the new principal of the Mexia High School, will spend several weeks in Chicago University this Summer, where he is to do sepcial research work

Miss Christine Kendrick left Sunday for Fort Worth to attend the commencement exercises at T. C U.

Mrs. W. R. Storey returned from a weeks visit in Dallas.

Mr and Mrs J. C. Sill left Sunday for Brownsville, Texas.

Roy B Goodell will leave Monday afternoon for Corsicana.

Judge Owen F. Watkins is in Groesbeck today no professional duty.

Miss Parker will entertain Mr and Mrs. Ben Stollenwerck, Monday.

F. A. Adair of Groesbeck was here Saturday.

W. P. Lancaster is leaving for Corsicana where he will live and continue his garage business there.

J. G. Gossett and wife will leave Tuesday for Corsicana where they will make their future home. Mr. and Mrs. Gossett have been here since the field first began to be developed. He is a rig builder of note and success. Mr. Gossett states that he regrets very much that he has to move now, but he has so much work ahead of him in the Powell field that he finds the move necessary. However, he hopes to return often to Mexia and perhaps will return to make this their home later. They have hosts of friends who will learn of their departure with deepest regret.

Laurette Taylor

in

Peg O' My Heart

By J. Hartley Manners

In fairness to yourself you must not miss the screen version of the most popular play of the generation.

Played by the same beloved Laurette Taylor who made Peg famous—who played Peg eleven hundred and twenty-seven times on the stage.

Scenario by Mary O'Hara
Directed by King Vidor

A METRO PICTURE

Miss Taylor's screen debut

When "Peg" was on the stage, fifteen thousand theatre-fulls of playgoers fell in love with her—the unruly little Irish girl

THE FIGURE BEAUTIFUL—
MUST IT BE SLENDER?

Indeed not! The secret of a charming figure is proportion—not pounds.

Thus the entire idea of the Modart Front Laced Corset is not merely to make one slim—but to mould with flexible ease and perfect comfort the natural curves into graceful proportion.

How well it succeeds—you will know—once you've worn the Modart.

REDUCED ONE-FOURTH

MARSHALL SPOONTS DIES OF HEART FAILURE

C. of C. Meeting Date Will Be Known Tuesday

Following up the article in Sunday's News having reference to the coming meeting of the Chamber of Commerce it is hoped that the office of the Chamber of Commerce will be able to give the definite date of this meeting in Tuesday's paper. The Chamber of Commerce feels that it is the all embracing civic organization in the social and business life of Mexia, representing the entire citizenship. It is necessary in the work of the Chamber of Commerce that it should co-operate with all other civic organizations, feeling that while in a sense their wrok is separate, but at the same time it is a part of the Chamber of Commerce work.

Mexia is more fortunate than most any town of similar size in the possession of citizens of unusually large business interests and means, as well as ability. These individuals wield a large influence in the affairs of the Chamber of Commerce and these individuals have been responsible for and have fostered and encouraged certain important undertakings and the Chamber of Commerce has been made the Clearing House for all of these undertakings, and the organization is the property of the people, and ready at all times to function as such an institution.

It is a remarkable fact that practically all of Mexia's leading business men, almost without exception, endorse and encourage the Chamber of Commerce with their financial contributions as well as their moral support and business counsel. These men are ready, almost without exception, to attend the open meeting when the date is set and the rank and file of the business men are urged to take a similar interest in the affairs of the Chamber of Commerce, and let every business house be represented when the open meeting is called.

Watch Tuesday's paper for the date.

BOOZE - LADEN SHIPS TO BE SEIZED BY THE U. S.

WASHINGTON, June 4.—Foreign or American ships which enter United States waters with the deliberate intent to defy and violate the regulations banning liquor from vessels inside the three mile limit, will be seized by customs authorities. Treasury officials today notified customs officers to this effect. The move was made to define sharply the classes of vessels which are and are not to be seized.

DALLAS, June 4.—Forty four persons were killed and 127 were injured in week end accidents in 39 cities throughout the country. Chicago led the list with eight killed.

Writ Of Mandamus Filed Against Marrs

LIONS - ROTARY BALL GAME INTERESTS PUBLIC

Plans for the Big Ball game between the Rotary Club and the Lions Club are porgressing nicely and members of the Rotary Club ball team say they sure are going to twist those Lions' tails when the big game comes off. Pat Patterson said that he heard that the Lions were "Skeered" and he did not understand that, because he had always heard that the Lion was the King of the Beasts and did not know what the word fear meant, but the Rotary Club members are hunting for a Lion big enough to eat Pat Patterson or Dave Bayless.

While everybody connected with the big game is figuring on having a lot of fun and the public will be afforded a chance to enjoy themselves, they are reminded of the object of the game which is to provide money for the Play Grounds Fund, and if the effort to properly equip the park and play grounds is successful, this money will be the source of pleasure and contentment to the boys and girls, long after the Rotary-Lions Ball Game is forgotton.

It is rumored that there is some dissension in the Rotary Club team as everybody wants to pitch or play first base There were so many applicants for first base that it was allotted to the two biggest members of the team, so if they could not settle it they could fight it out between themselves.

One member of the Rotary Club was asked who was going to pitch and he replied " we have so many that are good enough to make the Texas League, that we may put them all up before the game is over."

While so far there seems to be no effort to get the stores to sign an agreement to close up at 4:30, it is hoped that the merchants and business men will take enough interest in the game to the extent that they will encourage the patronage of same. A great many stores close anyway at 6:00 o'clock, and if they would, out of the sympathy for this movement, close at 4 30, so advising in Tuesday's paper, it would give encouragement to a wonderfully worthy project.

LUBBOCK, June 4.—Sam Spikes, tax collector for Lubbock county and an "old timer of the plains", died at his home here early last night.

Spikes was the third prominent citizen of Lubbock to die within 48 hours.

K. Carter, prominent merchant, succumbed after an illness of only one week. More than 5,000 persons attended his funeral yesterday afternoon.

E. C. Simmons, prominent furniture dealer, died yesterday morning after a lingering illness.

Automobile Body Factory Nearing Completion Now

All bodies for the Oakland Motor Car company, Pontiac, Michigan will be built in the huge $2,000,000 Fisher Body corporation factory which is being built within three quarters of a mile from the Oakland plants in Pontiac.

The foundation and walls are nearly completed and it is planned to start tunring out the Oakland bodies in this factory early in August. It is stated that this new industry in Pontiac will give employment to approximately 2,500 men.

The location for the new factory is on a 26 acre site and rails, ties and spikes have already been placed on the ground to build the 800 foot spur track of the Grand Trunk Railraod.

The factory will be partly one and partly two story construction of sawtooth design and built of brick with metal fireproof sash. The contract calls for the compltion of the factory building within ninety days.

The building of Oakland bodies in Pontiac eliminates the haul from the factories of the Fisher Body corporation in Detroit. All Oakland open as well as closed bodies will be built in this new plant.

Around the rim of the United States, across the continent and half way back again—that's the length of a tour that could be made in an Oakland car absolutely protected against excess oil in the combustion chamber. This is the conservative minimum written distance guarantee—15,000 miles—that is given by the Oakland Motor Car company on every car sold today. So far this guarantee has cost the Oakland company less than one cent per car to make good.

A. P. Tenbrook, Kansas City branch manager and H. E. Mahaffy, Mineapolis branch manager of the Oakland Motor Car company visited the factory of the company at Pontiac, Michigan this last week to order moer cars.

Emil Hokauson, president of the Wisconsin Oakland company, Milwaukee, and J. W. Leavitt of the J. W. Leavitt company, distributor at San Francisco, were also visitors during the week.

A WAGGING TALE OF MIKE, PAT AND TIM

Laurette Taylor Training Barrymores Of Dogdom for "Peg O'My Heart' Company

Laurette Taylor has decided upon a stage career for Patricia and Timothy, the twin offspring recently brought into to the world by Mike, the lady dog with the masculine name who has for many years been a member of the cast of "Peg O' My Heart." The twins arrived during the screening of the famous play which is now presented at the Naitonal Theatre. Miss Taylor has determined to make actors of them.

"They were parctically born on the stage, you might say." she explained during an intermission between scenes while King Vidor who directed the screen version of J. Hartley Manners' famous play, was consulting with script holder. "Their mother, Mike, has taken part in so many performances of the play that I wuoldn't be suprised if they had the acting instinct.

"When my husband, Mr. Manners and I return to the East we shall take Pat and Tim. Our home at Easthampton, Long Island, is just the place for raising dogs. I think it would be a good idea to train the puppies right from the start, so that when they're big enough they can take Mike's place on the stage. We tried to retire her some time ago but found it impossible to replace her."

C. Felz, who is sepnding a vacation at Marlin, taking the hot baths, came home to spend Sunday, returning to Marlin today.

Judge Osborn Kennedy went down to College Station today to attend commencement exercises, and to participate in a reunion of the Class of 1883, only a few of whom are possibly left in the land of the living.

Robert Jackson of Corsicana, visited in Mexia Sunday.

BOOK COMPANY GOES BEFORE SUPREME COURT

AUSTIN, June 4.—Application for permission to file a writ of mandamus compelling State Superintendent of Education Marrs to comply with the provisions of contracts held by the American Book Company of New York, and executed by the State Text Book Committee last December, was filed in the Supreme Court. The subcommitte appointed by the legislature to look into the awards made by the text book committee will shortly select an attorney to represent the State Superintendent as Attorney General Keeling has declined, asserting that he felt it not his duty to take steps in the controversy. The legislature has passed a bill which annuls the awards made last December.

D'Annunzio and Dancer Reported Reconciled

The artistic and theatrical worlds of France and Italy are agog over the reported reconciliation between Gabriele D'Annunzio, soldier poet, and Ida Rubenstein, dancer, once called "the world's ideal lover." Ida has returned unexpectedly to Paris from her African tour, and Gabriele is reported to be hurrying thither to join her. The captor of Fiume will arrive in time for the first performance of his play "Phedre," in which Ida will be the central figure.

BAYLOR DEAN SPEAKER TO CLASS OF '23

At the High school auditorium, in the new building on Grayson and Red River streets, tonight at 8:30, will be held the commencement exercises of the Mexia High School.

Recessional: Music—Miss Jamie eBnediction—Reverand G. T. Reaves.

Murrey; Pianist—Miss Helen Bagby

Chautauqua Dates To Be Announced At a Later Date

The Mexia Salesmanship club has arranged to bring the Radcliffe Chautauqua to Mexia early this fall.

The following letter has been received from the management by Judge Lee P. Pierson who is the chairman of the program committee of the club.

Mr. Lee I. Pierson.

Mexia, Texas.

Dear Sir:

We are very glad to welcome the Chautauqua contract from your town and to place it on file with others from nearly all the States of the Union. The Radcliffe Chautauqua programs will be given before hundreds of thousands of people during the 1923 season, and we are confident that your community will appreciate the efforts of the local Chautauqua Committee in bringing this event to your town.

On each of the three days there will be lectures, by able speakers, on topics of timely importance, and each lecturer will be accompanied by a splendid concert or entertainment organization. This will make the Chautauqua the most enjoyable and profitable event that could be brought to you, and we assure you that we will do our utmost to present it in a way that will warrant your making it an annual affair.

At a reasonable time before the opening of your Chautauqua, we will assign the definite dates and forward the advertiseing material. As mentioned in the Contract, an advance representative will visit you before the Chautauqua opens in order to assist in organizing and conducting the advertising and ticket-selling campaign, and we are sure that if you will give him or her a hearty welcome it will be much appreciated and will be of great advantage to you.

With cordial best wishes, we are,

Very truly yours,

Radcliffe Chautauqua System,

W. L. Radcliffe,

At the regular meeting of Mexia Chapter No. 131, Royal Arch Masons, held last Satudray night the following officers were elected to serve the coming year:

M. B. Webb, H. P.; Colon Phillips, King; T. O. Meador, Scribe; A. M. Stevens, Treasurer; Guy Herring, Secretary; T. A. Griffith, Guard; Other officers will be appointed.

Miss Bobby McCarthy returned Sunday from Dallas.

Houston.—An election by the people of Houston on the question whether the city will abolish jitneys is to be held June 9. Mayor Holcombe said, if the people vote for the jitneys it will be assumed that the people want them to run as at present.

Dallas.—All overhead wires of the Dallas Power and Light Comapny in the business district of the city are to be removed and placed underground. The work will probably be completed in one year.

Dallas.—Data assembled on the telephone business in Texas shows that there are more than 1,000 telephone exchanges in the State serving half a million telephone subscribers. About one-half of these are Bell System telephones and one-half independent.

Fort Worth.—Fort Worth according to the new telephone directory just issued, has 25,158 telephnoes, a gain of 1,178 over the number six months ago.

Amarillo.—Ross E. Phillips recently of Lincoln, Neb., will become manager of the City Light and Water Company here, June 1. Guy W. Faller, persent manager will be promoted to the Denver Company which is also controlled by the Cities Service Company.

Work will begin in the near future on the electrification of suburban railways radiating from Bombay.

The government of Italy plans to aid and unify all efforts to locate and exploit petroleum deposits in that country.

WASHINGTON IS DISAPPOINTED AT SMALL CROWD

WASHINGTON, June 4.—With a disappointingly small number of visitors in town, Shrine week got under way here today with a varied program of parades, pageants, band concerts and other events scheduled to keep the city in carnival mood until Friday.

Too enthusiastic advertising and boosting were held responsible for the failure of thousands of expected Shriners and their families to arrive. They were frightened away by the reports of tremendous crowds here and probable lack of sufficient accommodations. This was evident when a St. Louis temple sent word its members would remain at home using the money the trip would cost to help build a hospital. They said they understood there was no room here anyway.

Merchants and hotel keepers were keenly disappointed over failure of the 300,000 expected to arrive. Only about twenty thousand came in on special trains and in automobiles.

Today's program began with a pilgrimage to Mount Vernon by Imperial Potentate James S. McCandless and his divan. McCandless put a wreath on the tomb of Washington. Shortly after noon the transcontinental automobile caravan which left San Francisco May 1, was due and at 2 p. m. the members of this caravan were to take part with President Harding and Secretary of War Weeks in dedication of the zero milestone. Marking the starting point of the Lincoln highway.

Exhibition of the United States Airplane Carrier Langley, air circus stunts by famous army fliers, including Kelly and MacReady, the transcontinental non-stop fliers, carnival stunts of various sorts were to fill the day.

Tonight the Potentate and divan of Almas Temple of this city will welcome the Imperial Potentate and his divan at a banquet.

Marion Reynolds, who has been ill in Dallas for the apst two months has returned home H.is friends will be glad to know he is able to resume his work at Humphreys Company.

Miss Inez George of Mississippi, is in the city visiting Mrs. Tevis Morrow.

Mrs. W. H. Foster of Tulsa, Okla., is in the city visiting her parents Mr. and Mrs. A. H. Berry.

YESTERDAY'S HOME RUN HITTERS

Wheat, Robins One.....5.
Summs, Indians, One.....1.

FORT WORTH, June 4.—Marshal Spoonts, former district attorney, died at the home of his mother here early this morning.

Mr. Steele of this city was informed by wire this morning of the death last night of Marshall Spoonts at Ft. Worth.

Mr. Spoonts was well known in Mexia, having spent many months here since the oil boom began. He also had the contract to build the new high school building here.

According to the message, he died suddenly at the home of his mother, Mrs. M. A. Spoonts, 104 Penn street, at midnight, the result of a heart attack to which he had been a victim for several years.

Mr. Spoonts was born in Abilene, Texas, and moved to Fort Worth with his parents when a boy. He was educated in the public schools and after graduation studied law at home, and was admitted to the bar when 21 years old. For several years afterward he was a member of the law firm of Bryan and Spoonts, remaining in this capacity until he was elected to the office of district attorney, in 1914. He was re-elected in 1916 for another term of two years.

In 1918, after the expiration of his term as county prosecutor, he became associated with R. S. Phillips, the law firm being known as Spoonts & Phillips. He remained in this capacity for three and a half years.

When the oil boom struck Texas he severed his connections with Phillips and entered the oil business, being a promoter of much prominence when the oil boom was at its zenith. He was an independent operator, connected with the Oil Operator's Trust.

Mr. Spoonts was under federal indictment in connection with the investigation of oil promoters' activities which the government has been conducting here for esveral months.

Besides his mother, he is survived by his widow, two sisters, Mrs. C. R. Wharton of Houston and Mrs. Nadine Saft of Fort Worth, and a brother, Leslie Spoonts, 102 Penn St., Fort Worth.

HOUSE REPORTS EDUCATIONAL BILL BUT SLASHED

AUSTIN, June 4.—The House Appropriations Committee has reported the educational and departmental bills with a cut of over two million dollars as passed at the second called session, it was learned today. With reporting these bills the committee completes four big appropriation bills the judiciary and eleemosynary bills having been previously reported favorably. Total cut from the four bills is approximately three million.

TRAMP BEING SOUGHT

KANSAS CITY, June 4.—A tramp seen loitering near the railroad bridge where Moore was believed to have been slain and robbed is being sought by the police this afternoon in connection with the mysterious death.

New York Commissioner Says Histories in U. S. Are Radically British

WATCHING THE SCOREBOARD

Two triples by Daubert and Roush, a singel by Duncan and an error gave the Reds 3 runs in the ninth inning but they lost to the Clubs 4 to 3.

The White Sor kocked Pruett and Wright out of the box and defeated the Browns 7 to 1.

Rigney's long sacrifice fly in the ninth let Heilmann in with the run that gave the Tigers an 8 to 7 victory over the Indians.

The Cards went into fourth place by beating the Pirates 4 to 3.

C. R. Bryson was a Corsicana visitor the latter part of the week.

Miss Dinah Harper is visiting Mexia during the graduation exercises.

Regular meeting of Coeur de Lion Commandery, Knights Templar, tonow night. Important business.
—W. R. Storey, E. C.

NEW YORK, June 4.—A plot exists to regain "lost colonies" for England and make the United States a part of the British empire, David Hirschfield, commissioner of accounts charged in a report to Mayor Hylan. The report gave the findings of Hirschfield following investigation into charges that many histories are pro-British. As a result of the investigation he recommended that eight text books be barred from New York schools.

SHERMAN, June 4.—Mary Irene Dennie, 7, was strangled to death by a mosquito bar which caught around her neck as she rolled out of bed at her home here yesterday.

The child had been dead several minutes when the tragedy was discovered by its parents.

Miss Farnces King reutrned Monday from Houston, where she has been visiting her mother.

Disabled Veterans Accept Offer Of Undergoing Treatment In The Henry Ford Hospital At Detroit

DETROIT, Mich., June 4.—Disabled world war veterans of Michigan have welcomed the offer recently made by the Henry Ford Hospital and already more than fifty are undergoing treatment at the big institution.

All of the veterans are admitted in the same manner as private patients and are treated on exactly the same basis. They are entitled to and receive the same quality of service and are distributed in the various units in the hospital according to the availability of rooms.

The first thought was to open a special unit for these men, but the hospital officials on consideration felt that the men would be better satisfied if they were distributed thruout the hospital with the other patients and accordingly this plan was carried out.

Arrangements for opening the hospital services free of any charge to all disabled veterans of Michigan needing treatment were made a few weeks ago at a meeting between Alvin M. Owsley, National Commander of the American Legion, Henry Ford Edsel B. Ford, President of the Ford Motor company, and Dr. Harkness, State Commander of the American Legion.

The arrangements for the care of the disabled veterans continue in effect until December 31st, 1923. If at that time Congress has not passed necessary legislation to afford hospitalization of ex-service men the matter will come up for further discussion and the agreement renewed for another definite period.

The ex-service men are admitted following recommendation by the Welfare Office of the American Legion in Detroit.

Another arrangement also has been effected between the Legion and the Henry Ford Hospital whereby in extreme cases of destitute families of former service men their children needing hospitalization will be treated when designated by the Legion office.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

THE CONVENTION CITY SPIRIT

Amarillo boasts of having entertained more than thirty conventions in 1922. Many others are being held there this year and now efforts have been launched by the Board of City Development to secure the 1924 meeting of the Texas Press Association. Thousands of dollars, thousands of visitors and many new homes result from this kind of work. Mexia should get the "Convention City" spirit here and go after as many conventions, conferences and meetings of importance as possible. The News would like to see Mexia entertain the Texas Press Association in 1925.

Speaking of conventions and conferences, why not authorize Rev. W. B. Andrews, pastor of the First Methodist church, to invite the annual conference of the Methodist church to assemble here in 1924?

DRINK IS SMALLEST PART OF PROHIBITION QUESTION

Gifford Pinchot says bribery and lawlessness are chief issues.

Gifford Pinchot, Governor of Pennsylvania, has but one interpretation of the Volstead act. In an article: "Why I am going to make Pennsylvania Dry," in June Good Housekeeping, he tells why he is determined to enforce the prohibition law in Pennsylvania. He says, "If we believe we have a right to disobey the prohibition law, why do we not concede to all other citizens the right to disobey such laws as interfere with the realization of their desires?

"There can be no government without law, and there can be no law if one man can sell and another buy the opportunity to defeat the law. Bribery is putting the Constitution of the United States on a platter and offering it for sale.

". . . . Certain gentlemen now wish only to violate the prohibition law, others whom they teach to be lawless may wish to violate laws against burglary, highway robbery, or murder.

"Here, in the United States, as a result of the labors of all good men and women since the first European settlers came, we have built up a great embankment of law to restrain those whose purposes run counter to the welfare of the general public. Let us keep this embankment intact. Let us make it even stronger. Let us not permit a bootleg rat-hole to become enlarged until it sweeps away the embankment." The governor's article in Good Housekeeping should be read by everyone, whether they are in favor of prohibition, or not.

THE EDITORIAL OF THE DAY

A LEGISLATIVE MARATHON

(Farm and Ranch)

Texas has suffered with marathons of various kinds thus far in 1923. We have had marathon dances, marathon piano players, marathon pancake eaters, and marathon other things and other things and now we have got a marathon Legislature. The Texas Legislature remained in session a full sixty days without doing a great deal that was constructive. Then the governor issued notice of a called session with the idea of transacting a little necessary business during the next thirty days. The governor, however, forgot that the constitution provides for called sessions only in cases of an emergency, and suggested legislation that did not come within that classification. This kept the members busy until the end of the session approached and thus another emergency was created. Another called session resulted, the main purpose in veiw being to find something to tax that escaped the notice of legislators during previous sessions. Like every other called session, however, the governor has taken the opportunity to secure legislation on numerous matters that could well wait a year or two, when perhaps they would be forgotten. Members also construe the governor's call to include all the distant relations of the subjects which the governor has happened to mention. Probably the emergency which necessitated the call will be shoved off into the background until the final days of the session when it will be attended to in a hurried manner, as usual.

While many good, patriotic and busy men get elected to the Legislature they find that they are powerless to further the transaction of the business of the State in a businesslike manner. They are surrounded with precedent and with rules of procedure as old as the history of the State, some of them being handed down from colonial days. Such men, unless they have political aspirations, seldom return a second term. They have had all of it they want, just as the people have.

"Wouldn't it be a grand and glorious feeling" to have the Legislature assemble and have presented to them the first day a carefully prepared budget showing the legislative needs of the state and then proceed to transact the business in an orderly manner, adjourning before or at the expriation of the session without leaving three or four "emergencies" crying for attention? Wouldn't it, though.

Language Of The Dope Fiends

EL PASO, Texas, June 4.—Drug addicts have a language all their own, according to nartotic inspectors here who assers that it is often possible to tell what section of the country an addict is from by the terms he uses in referring to his "medicine."

Morphine is called "M' by some addicts. Often it is referred to as "junk," "white stuff' and more often "hop."

A "snowbird," as the cocaine addict is called, refers to his "coke," happy dust," "snow" and "C.', This drug is in greater favor with drug users even though it is more expensive, the narcotic inspectors explained.

Then too, the addicts have different names depending on the kind of "dope" they use and the way in which they use it, the narcotic agents said. A person who has been using cocaine for a long time and takes his "shots" with a hypodermic needle is called a "vein shooter" because he injects the drug directly into a vein in order to get a quicker and more thorough "kick."

There is the person who is "on the stuff" and the one who has "kicked the habit." The one "on the stuff" is an adict, while the person who has "kicked the habit," is one who has taken a cure and has borken himself from drug addiction.

Opium is not used generally, due to the bulkieness of the "layout" required. A pipe, needle and a little alcohol lamp make up the "layout." The opium is placed on the end of the needle and heated in the flame of the lamp, then put in the pipe and smoked. Smoking opium is called "laying on the hip," kicking the stem" and "hitting the pipe." The addict is called a "yenshee baby."

Substitutes Seldom Satisfy

ORDINANCE

Ordinance of the City Commission of the City of Mexia, Texas, determining the necessity of levying an assessment against the property and the owners thereof on Rusk Street from the East line of McKinney Street to the West line of Bonham Street, for a part of the cost of improving said street, and fixing a time for a hearing of the owners or agents of said owners of said property or of any persons interested in said improvements, as provided by Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, and Directing the City Secretary to give notice of said hearing and examining and approving the plans and specifications and statement or report of the City Engineer, and declaring an emergency.

WHERAS, the City Commission of the City of Mexia, Texas, has heretofore by resolution passed and approved on the 20th day of March, 1923, ordered the improvement of Rusk Street from the East line of McKinney Street to the West line of Bonham Street, in the City of Mexia, and

WHEREAS, plans and specifications for the improvement of said street have been duly prepared and approved as required by the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia; and

WHEREAS, as required by said Statutes, Charter and Ordinances, after advertisement for bids for said work of improvement had been made, said work of improvement was let to Uvalde Paving Company to improve with Uvalde rock asphalt pavement on concrete base, and concrete curbs and gutters, as provided by said plans and specifications; and

WHEREAS, a written contract has been entered into by and between the City of Mexia and Uvalde Paving Company on the 13th day of April, 1923, for the construction of said improvements:

THEREFORE, be it ordained by the City Commission of the City of Mexia: That the plans and specifications and report or statement of the City Engineer filed with the City Commission, describing the abutting property and giving the names of property owners and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved. That the City Commission does hereby determine to assess the entire cost of curbs and three-fourts of the cost of all other improvements, against the owners of the property abutting thereon, and against their property, in acordance with the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, That the said assessment shall be made after the notice to such property owners and the hearing herein mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners on said street, and their property, shall be in accordance with the front foot plan or rule in the proportion that the frontage of the property of each owner bears to the frontage of the whole property to be improved; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances the City Commission shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on the particular street or portion thereof to be improved, having in view the enhanced value of that property and the benefits derived from such improvement, and the burdens imposed upon them by such asessment, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable in five equal installments, one-fifth thirty days after the completion and acceptance of the improvement on said street, one-fifth one year after said date, one-fifth two years after said date, one-fifth three years after said date, and one-fifth four years after said date, together with interest at the rate of eight per cent per annum from the date of completion and acceptance of the improvement on said street. That the total proportionate part of the cost of such improvement which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said street aforesaid, properties to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof, is as follows:

That a hearing shall be given to said owners, their agents and attorneys, and any person or persons interested in said improvements, before the City Commission of the City of Mexia, as provided by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, which said hearing shall be had on the 15th day of June, 1923, at 8 o'clock p. m., in the City Hall in the City of Mexia, Texas, and which said hearing shall be continued from day to day and from time to time, as may be necessary to give all said property owners, their agents or attorneys, and any interested person or persons, a full and fair hearing, and said owners, their agents or attorneys, and any interested person or persons, shall have the right to appear and be heard in any manner concerning the said improvements or said assessment, or the benefits thereof to their said property, or any other matter or thing in connection therewith, or to contest said assessment, and at such hearing a full and fair opportunity shall be extended to said property owners, their agents or attorneys, and to all interested persons, to be heard with respect to such improvements.

That after the conclusion of the hearing above mentioned such sum or sums as may be determined by the City Commission to be payable by said property owners shall be assessed against them respectively, and against their respective properties, by ordinance or ordinances, in the manner prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia. That the City Secretary of the City of Mexia is hereby directed to give notice to said property owners, their agents or attorneys of said hearing, as prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, by publishing said notice three times in a newspaper of general circulation in the City of Mexia, the first of said publications to be made at least ten days before the date set for said hearing. Said City Secretary shall also mail a copy of said notice by registered letter to each of said property owners, if known, or their agents or attorneys, if known, said letters to be deposited in the post office in the city of Mexia at least ten days before the date set for hearing. However, said notice by registered letter shall be cumulative only, and notice by publication shall be full, due and proper notice of said hearing.

THAT, WHEREAS, the fact that said portions of said streets are in such urgent need of repair creates an emergency and imperative public necessity for the immediate preservation of the public health, safety and property which requires that the rule requiring three several readings be suspended, and that this Ordinance shall take effect and be in force from and after its passage.

Passed and approved, this 28th day of May, 1923.

E. WATSON, Mayor.

Attest:
Jas. F. McElroy, City Secretary.

A GLANCE AT GUSHERLAND

The J. K. Hughes Developing company now has seven wells drilling near its McKie in the Powell oil field. The original producer on this lease is maintaining its heavy production consistently and steadily. The record shows that the gusher is yielding within a hundred and fifty barrels or less of 6,000 barrels every twenty four hours. The production is being sold to the Magnolia Oil company for $1.25 per barrel.

The same company's Morrow 1 at Currie has never fallen below 1100 barrels daily since it came in April 26. Mr. Hughes stated Saturday that this well would likely produce a quarter of a million dollars worth of oil or more before what is known as flush production, augmented by gas pressure, declines.

In speaking of the value of the McKie oil bearing properties and the lease on which the J. K. Hughes Developing company's McKie is located that he would not favor disposing of same for $2,000,000. Oil men assert that this property alone is worth the full capitalization of the company.

Three more wells are expected in soon at Currie in the vicinity of the valuable Morrow.

The Texas Company's Morrow 1, second well, is down 2,687 feet. The Texas company's number 2 is down 3,132 and will set casing early this week.

The Texas company's Stroud No. 8 at Groesbeck is drilling at 2587 in the Austin chalk.

The Texas company's McKie 1 at Powell is drilling around 200 feet.

J. C. McCue, assistant general manager of the production department of the Texas company, his assistant, Sim Cox and W. V. Bowles, South Texas General Superintendent were

OIL EDITOR HAS CURIOUS HOBBY

Tulsa, Okla., June 4.—The late P. C. Boyle, for a generation editor and proprietor of the Oil City Derrick, the newspaper authority on petroleum, had a hobby. It was the collecting of lamps.

He specialized on the various kinds of lamps used for burning kerosene and there were hundreds of varieties of this sort. But he extended his collection to take in the earliest lamps used by the Greeks and Egyptians. He collected also the rude vessels used by the Esquimaux for burning whale oil, the stone and shell lamps of the South Sea Islanders, etc.

In the collection were many curious devices for burning kerosene, constructed by the semi-civilized peoples of interior Japan and China, the Malay Archilepago and other out-of-the-tor way Asiatic places . And of course, there were specimens of the ornate and elaborate lamps which graced the marble-topped center tables in the parlors of the homes of the last generation, and also the hanging lamps which illuminated the supper table on winter evenings a long tim ago when everyone called that meal "supper."

Arrangements are being made to bring this collection of lamps to Tulsa, to be displayed in the historical section of the Internatinoal Petroelum Exposition which is to be held here the week beginning October 8. The major part of the collection is in the keeping of the Drake Memorial Museum, at Titusville, Penn.

"PEG O'MY HEART" SOON ON SCREEN

Laurette Taylor's Famous Play, Filmed for Metro, Denotes Film Debut

When the news wos first published that "Peg O' My Heart," J. Hartley Manner's famous stage success, would be picturized by Metro, with Laurette Taylor making her screen debut in the role which has endeared her to hundreds of thousands of theatregoers, delight was expressed everywhere. Drama lovers everywhere were pleasd that this celebrated tale should receive animated circulation beyond the limitation of the stage.

Under the direction of King Vidor, with a supporting cast of high abilities, and with Michael, the canine actress with the masculine name, playing her accustomed part, Laurette Taylor has finished her work before the camera. The result, advance reports indicate, is a photoplay even moer interesting than the stage play. Residents of..... .....will be enabled to enjoy this poignant, heart-stirring, whimsical performance next Monday, when it comes to the National Theatre for 3 days.

This story of Peg and Jerry, of England and Ireland and the O'Connels and Chichesters and Kingsworths, has had 6,608 stage performances in the United States. Nor has its popu- England, Australia, ew ....Zealand, larity been limited to this country. South Africa, India, Hawaii, Italy, Czecho Slovakia and Paris have also seen and enjoyed it. The production of the photoplay by Metro enables all these Peg fans to see the original Peg portray the role, in addition to introducing this pictured bit of olveliness and charm to those to whom it has hitherto been only a name.

The players supporting Miss Taylor in the immortalizing of Peg no the screen were selected with a view of making each characterization a living portrayal, authentic, vivid, interesting. The cast includes Mahlon Hamilton, Russell Simpson, Ethel Grey Terry, Nigel Barry, Lionel Belmore, Vara Lewis, Sidna Beth Ivins, D. R .O. Hatswell, Aileen O'Malley and Fred Huntly.

ORDINANCE

Ordinance of the City Commission of the City of Mexia, Texas determining the necessity of levying an assessment against the property and the owners thereof on Main Street from the West Side of Houston & Texas Central Railroad tracks to the East line of Belknap Street, for a part of the cost of improving said street, and fixing a time for a hearing of the owners or agents of said owners of said property or of any persons interested in said improvements, as provided by Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordnances of the City of Mexia, and directing the City Secretary to give notice of said hearing and examining and approving the plans and specifications and statement or report of the City Engineer, and declaring an emergency.

WHEREAS, the City Commission of the City of Mexia, Texas, has heretofore by resolution passed and approved on the 23rd day of January, 1923, ordered the improvement of Main Street from the West side of Houston & Texas Central Ry. tracks to the East line of Belknap Street, in the City of Mexia, and

WHEREAS, plans and specifications for the improvement of said streets have been duly prepared and approved as required by the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, and

WHEREAS, as required by said Statutes, Charter and Ordinances, after advertisement for bids for said work of improvement had been made, said work of improvement was let to Uvalde Paving Company to improve with Uvalde rock asphalt pavement on concrete base, and concrete curbs and gutters, as provided by said plans and specifications; and

WHEREAS, a written contract has been entered into by and between the City of Mexia and Uvalde Paving Company on the 12th day of March, 1923, for the construction of said improvements:

THEREFORE, be it ordained by the City Commission of the City of Mexia: That the plans and specifications and report or statement of the City Engineer filed with the City Commission, describing the abutting property and giving the names of property owners and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved. That the City Commission does hereby determine to assess against the Trinity & Brazos Valley Railway Company, owner of the steam railway occupying parts of said street hereinabove ordered to be improved, the whole cost of the improvement between or under the rails and tracks of said steam railway and two feet on the outside thereof, which said assessment shall be made after the hearing herein mentioned, and in accordance with the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia. That the City Commission does hereby determine to assess the entire cost of curbs and three-fourth of the cost of all other improvements, against the owners of the property abutting thereon, and against their property, in acordance with the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, That the said assessment shall be made after the notice to such property owners and the hearing herein mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners on said street, and their property, shall be in accordance with the front foot plan or rule in the proportion that the frontage of the property of each owner bears to the frontage of the whole property to be improved; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances the City Commission shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on the particular street or portion thereof to be improved, having in view the enhanced value of that property and the benefits derived from such improvement, and the burdens imposed upon them by such asesssment, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable in five equal installments, one-fifth thirty days after the completion and acceptance of the improvement on said street, one-fifth one year after said date, one-fifth two years after said date, one-fifth three years after said date, and one-fifth four years after said date, together with interest at the rate of eight per cent per annum from the date of completion and acceptance of the improvemnet on said street. That the total proportionate part of the cost of such improvement which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said street aforesaid, properties to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof, is as follows:

That a hearing shall be given to said owners, their agents and attorneys, and any person or persons interested in said improvements, before the City Commission of the City of Mexia, as provided by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, which said hearing shall be had on the 15th day of June, 1923, at 8 o'clock p. m., in the City Hall in the City of Mexia, Texas, and which said hearing shall be continued from day to day and from time to time, as may be necessary to give all said property owners, their agents or attorneys, and any interested person or persons, a full and fair hearing, and said owners, their agents or attorneys, and any interested person or persons, shall have the right to appear and be heard in any manner concerning the said improvements or said assessment, or the benefits thereof to their said property, or any other matter or thing in connection therewith, is to contest said assessment, and at such hearing a full and fair opportunity shall be extended to said property owners, their agents or attorneys, and to all interested persons, to be heard with respect to such improvements.

That after the conclusion of the hearing above mentioned such sum or sums as may be determined by the City Commission to be payable by said property owners shall be assessed against them respectively, and against their respective properties, by ordinance or ordinances, in the manner prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia. That the City Secretary of the City of Mexia is hereby directed to give notice to said property owners, their agents or attorneys of said hearing, as prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, by publishing said notice three times in a newspaper of general circulation in the City of Mexia, the first of said publications to be made at least ten days before the date set for said hearing. Said City Secretary shall also mail a copy of said notice by registered letter to each of said property owners, if known, or their agents or attorneys, if known, said letters to be deposited in the post office in the city of Mexia at least ten days before the date set for hearing. However, said notice by registered letter shall be cumulative only, and notice by publication shall be full, due and proper notice of said hearing.

THAT, WHEREAS, the fact that said portions of said streets are in such urgent need of repair creates an emergency and imperative public necessity for the immediate preservation of the public health, safety and property which requires that the rule requiring three several readings be suspended, and that this Ordinance shall take effect and be in force from and after its passage.

Passed and approved, this 28th day of May, 1923.

E. WATSON, Mayor.

Attest:
Jas. F. McElroy, City Secretary.
(31-1-3)

For That Faded Carpet

After thoroughly sweeping, wipe over the faded carpet with a weak solution of alum. It will revive it wonderfully.

Better Than a Hanger

A strong safety pin, catching both sides of a skirt together at each side of the front and then hung on two hooks in the closet, answers the problem of skirt hanging most successfully.

THE STATE OF TEXAS

To the Sheriff or any constable of Limestone County—Greeting:

W. D. Pittman, Executor of the estate of Mrs. Emma Pittman, deceased, having filed in our county court his final account of the condition of the estate of said Mrs. Emma Pittman, deceased together with an application to be discharged from said Administration.

You are hereby commanded, that by publication of this writ for twenty days in a newspaper regularly published in the county of Limestone, you give notice to all persons interested in the account for final settlement of said estate, to file their objections thereto if any they have, on or before the June term A. D. 1923, of said county court, commencing and to be holden at the court house of said county, in the city of Groesbeck, on the first Monday in June, A. D. 1923, when said account and application will be considered by the court.

Witness, J. L. Day, clerk of the county court of Limestone county.

Given under my hand and seal of said court at my office in the city of Groesbeck, this 9th day of May, A. D. 1923.

J. L. DAY
Clerk County Court Limestone County, Texas.
By Anna Burney, Deputy.

LAURETTE TAYLOR In [illegible] PEG O' MY HEART

...mplete Overland Red Bird

New Model Sponsored by the Willys-Overland Company Has Longer Wheel Base and Roomier Body

Nothing has been omitted from the list of equipment made standard on the new Overland Red Bird, but what is necessary and convenient for the motorist who demands something out of of the ordinary and who at the same time does not want to plunge into reckless extravagance in having his ideal satisfied.

Included in the equipment are bumpers front and rear, wind shield wiper, scuff plates, door grips, spare rim and tire carrier, beside the usual dash light, speedometer and other accessories.

Glistening nickeled radiator with shield stanchions, outside door handles, bar cap, nickeled head lamps, wind scuff plates and back curtain window frame are demirably set off by a Khaki top with red bindings and welts.

Red Spanish grained upholstering leaves a pleasant impression when blended with the superb and rich, gleaming Mandalay Maroon, a shade that is exciting much interesting comment, affording to the eye as it does a delightful sense of sprightliness, artistically subdued to a tone of agreeable refinement.

The Red Bird has a roomier body, riding on a lengthened wheel base of 106 inches and a spring base of 136 inches. This specification alone insures extremely comfortable traveling verse cnoditions. When the patented at all times and under the most adtriplex springs, adopted by Overland engineers are further considered it will be readily understood that restful riding is one of the many outstanding merits of this new car.

Straight side, Fisk cord tires, 30 by 3½ are also standard equipment on the Red Bird enhancing its value to the purchaser and adding to his motoring satisfaction.

The engine is larger and more powerful and in every way adapted to maintain that far-reaching reputation of creditable, economical performance gained by the Overland motor. Speed, flexibility, quick pick-up and low cost of opration are established and proven facts.

The Red Bird has a one piece differential case of great strength.

There are no bolts to work loose and no openings for faulty assembly to throw halves out of alignment through dirt or other foreign matter working in between the halves. The design permits of two unusually large differential pinions.

The ring gear is exceptionally large, of the spiral bevel type and with the accurately cut pinion runs smoothly, quietly and without trouble or need of adjustment for many thousand miles of service. Particularly noteworthy is the substantial well assembled, strong rear axles assembly with axle shafts 1½ inches in diameter.

The axles can be removed without dissembling the housing and all the bearings are of the highest types known. These features, together with the many estimable points of excellence in mechanism, single out the Overland Red Bird as deserving of discriminating favor.

Mr. and Mrs. I. W. Keys have moved to the home on Grayson street formerly occupied by Mr and Mrs. Robert Nunn, who have moved to Corsicana where they will make their home.

Miss Lucie Lee Corley of Groesbeck visited in Mexia Saturday.

Harvey Storey of Dallas was here Sunday visiting his brother and sister of this city.

LEADERS WIN AGAIN

CORSICANA, June 3.—Edgar was hit opportunely by the Mexia club today and coupled with errors, the visitors made their eight hits count for seven runs, the final score being 7 to 1. Meeks allowed Corsicana only three hits.

Corsicana	000	000	100	—1

Home runs: Whitney, Johnson. Struck out: Edgar 3, Meeks 4. Bases on balls: Edgar 3, Meeks 4.

Among the affairs given for Mrs. Grant, who is visiting her niece, Mrs. Sweatt, was the honor guest at a bridge party Friday afternoon given by Mrs. Desenberg.

Earl Smith left today for Corsicana, representing the E. L. Simth Oil Company, Inc., in the Powell field. He will be there several days this week.

SPORT LIGHTS

Friend Moore in the Corsicana Sun says, of Friday double defeat of the Busters by the Gushers, that the unexepcted happened. Well Brother Moore you can just get this right in your head that the unexepcted never happens with the Gushers.

Harvey Grubb, manager and third baseman of the Busters is out of the game for several days with Ptomaine poison. Sorry to hear of his illness. Malmquist, who flirts around the keystone bag will have the team in charge until Harvey is back on his feet.

Old Reliable Rod Whitney and Johnson, bore down on the offerings of Edgar for a circuit smash each, in Sundays game.

Old Sopke Speaker and Tyrus Raymond Cobb used everything in yesterdays' game except the bat boy (and he was sick), and finally Detroit came out with the big end of the score over the Tribe.

Jakie Atzs Panther Cats, have got to going and won their thirteenth consecutive game yesterday defeating Shreveport, in a pitchers duel between Pate and D. Brown. The score was 2 to 1.

Becthal, crack outfielder of the Gushers, is in town, nursing a spiked thumb. Bec hopes to be back in the line-up in a few days.

Leland Stewart and Percy Jones spent Sunday in Dallas.

Mrs. Ben Stollenwerck is here from Terrell.

Many young pople who attended college and university in other cities are returning to their homes here and in ten days all will be back again.

The Summer School of the state will be well represented by Mexia students this summer

R. M. Andrews, the new principal of the Mexia High School, will spend several weeks in Chicago University this Summer, where he is to do sepcial research work.

Miss Christine Kendrick left Sunday for Fort Worth to attend the commencement exercises at T. C. U.

Mrs. W. R. Storey returned from a weeks visit in Dallas.

Mr. and Mrs. J. C. Sill left Sunday for Brownsville, Texas.

Roy B. Goodell will leave Monday afternoon for Corsicana.

Judge Owen F. Watkins is in Groesbeck today no professional duty.

Miss Parker will entertain Mr. and Mrs. Ben Stollenwerck, Monday.

F. A. Adair of Groesbeck was here Satudray.

W. P. Lancaster is leaving for Corsicana where he will live and continue his garage business there.

J. G. Gossett and wife will leave Tuesday for Corsicana where they will make their future home. Mr. and Mrs. Gossett have been here since the field first began to be developed. He is a rig builder of note and success. Mr. Gossett states that he regrets very much that he has to move now, but he has so much work ahead of him in the Powell field that he finds the move necessary. However, he hopes to return often to Mexia and perhaps will return to make this their home later. They have hosts of friends who will learn of their departure with deepest regret.

Laurette Taylor

in

Peg O' My Heart

By J. Hartley Manners

In fairness to yourself you must not miss the screen version of the most popular play of the generation.

Played by the same beloved Laurette Taylor who made Peg famous—who played Peg eleven hundred and twenty-seven times on the stage.

Scenario by Mary O'Hara
Directed by King Vidor

A METRO PICTURE

Miss Taylor's screen debut

When "Peg" was on the stage, fifteen thousand theatre-fulls of playgoers fell in love with her—the unruly little Irish girl

THE FIGURE BEAUTIFUL— MUST IT BE SLENDER?

Indeed not! The secret of a charming figure is proportion—not pounds.

Thus the entire idea of the Modart Front Laced Corset is not merely to make one slim—but to mould with flexible ease and perfect comfort the natural curves into graceful proportion.

How well it succeeds—you will know—once you've worn the Modart.

REDUCED ONE-FOURTH

ALL LATE SPRING AND SUMMER SKIRTS ARE ON SALE

—We have on display a beautiful selection of pretty skirts for summer wear. The new modes—the new colors—and the new materials are in evidence on every hand. Skirts for sport, street and dress wear—just what you want for the vacation days.
